

POL004 - FATIGUE MANAGEMENT POLICY

At ASCLEAR we are committed to providing a safe place of work for all employees and visitors. ASCLEAR management are committed to working together with personnel to manage the risks associated with fatigue in the workplace.

The management of fatigue is a shared responsibility between management and individuals.

Workers shall not commence or continue work if they feel fatigued to such an extent that their condition may prejudice the safety of themselves or others.

Leaders shall not plan work arrangements for personnel who are fatigued or likely to become fatigued to an extent that their condition may prejudice the safety of themselves or others. Leaders shall actively monitor the workplace for signs of fatigue.

Lance Willis - Managing Director

Darren Kelly - Managing Director
